

Unlike some other sponsor schemes, with Skip2Bfit® 100% of the money raised by pupils goes directly to their school!

Raise awareness of Skip2Bfit's® unique programme to improve fitness and at the same time help raise money for your school.

A sponsored 'Skipathon' can bring in much needed funds and due to the revolutionary counting skipping rope, keeping track of individual skips and money raised couldn't be easier! 'A penny a skip' can quickly add up over a school to provide real funding for school necessities. The best part is that the children have fun, get fit and help raise money at the same time!
